## **CHAROLAIS**

**8TH ANNUAL BULL SALE**

**Saturday, March 25, 2023**

**1:30 p.m., *at the farm,***

**1012 Snake River Line, Cobden, ON**

# Right Now Mineral® Onyx

Onyx mineral helps optimize herd performance for calving, breeding and stressful situations. It supports improved cleaning rates at calving, stronger signs of heat and improved breed back percentages.

Onyx is made with the highest quality of ingredients including Availa 4 from ZinPro Minerals

***If you are looking for our premium breeder mineral  
look to Right Now Onyx***

***Now available with Altosid® IGR Fly Control***

Altosid is ingested in the Right Now Mineral. As they graze, cattle disperse the insect growth regulator via their manure, breaking the fly life cycle in the manure preventing adult flies from emerging.

# **Cornerview Charolais 8th Annual Bull Sale Saturday, March 25, 2023**

## **Welcome to our 2023 Bull Sale**

Welcome to our 8th annual bull sale at Cornerview. In 2022, we received recognition from the CCA for 40 years as breeders. Reflecting on those years, we've gained a lot of good friends and made a lot of progress with our breeding program. Our customers motivate us to always strive for better and we've invested in genetics and testing to accomplish that.

This year we are offering a very balanced set of bulls with calving ease, soundness, performance, and profitability – traits that matter most to you – built in.

Come on sale day and see for yourself. If that's not possible, join us online with DLMS or come before the sale to take a look. We're always happy to show and talk about 'the boys.'

Feel free to call for any other info.

## CORNERVIEW KASH 1K

Kash is a complete LT Patriot 4004 son out of a no-miss cow who produced the high-selling bull the last two consecutive years. Super long bodied with extra thickness, he ranks in the top 15% of the breed for ALL traits – birth, weaning, and yearling wt! We think very highly of this impressive bull, who started out at 82 lbs and weaned at 876 lbs with overall soundness. Don't miss this guy.

## CORNERVIEW KINGPIN 2K

2K is an LT Patriot son that has a ton of presence. He carries himself with an attractive front end and smooth shoulder and still has a masculine herd bull look. You'll also admire him for his length of body and width. 2K is very complete and will add look and power to your next calf crop. His dam needs very little introduction being the base cow in the CV east program. At 12 years of age she still holds the shape of a five-year-old. She was named Reserve National Champion Female in Canada in 2012 as a yearling and Reserve National Heifer Calf in 2011. 2K is the type of bull everyone needs – sound, good footed, with performance and calving ease, built-in longevity and quality with a great set of numbers to top it all off. Top 3% weaning, 10% yearling and homo polled to boot! *\*100K tested for increased EPD accuracy*

## CORNERVIEW KANNON 5K

We purchased a semen pack in LT Patriot and we are sure glad that we did. 5K is extremely long bodied and thick with a nice head shape and smooth flat shoulders. His dam has been a great producer with unbeatable temperament and weaning consistently our heaviest calves and high sellers in previous bull sales. 5K ranks in the top 15% of the breed for weaning and 10% for yearling weight... the perfect blend of maternal and performance! *\*100K tested for increased EPD accuracy*

## CORNERVIEW KASPER 15K

Kasper will be a calving ease specialist if that's your goal. Both sides of his pedigree are bred for small birth weights and he ranks in the top 2% of the breed for calving ease. His dam is a promising young Affinity daughter with many good years ahead of her. Kasper's length and shape allowed him to wean at 712 lbs, proving there is performance along with low birth wt.

## CORNERVIEW KRACKER JACK 18K

Kracker Jack 18K is a very eye-catching, fault-free individual that strikes you with his length of body, hair and muscle expression. The Patriot 4004 progeny have impressed us totally with their consistent calving ease, perfect skull structure, length, feet and temperament. Kracker Jack is no exception to these characteristics. His Tracker dam is as solid as they come and his grandam, Your Fave 19Y, adds confidence that Kracker Jack is a top prospect. *\*100K tested for increased EPD accuracy*

## CORNERVIEW KLONDIKE 19K

Klondike is no doubt the most powerful bull in the pen. He arrived on a cold, frosty day but has never looked back – weaning at 828 lbs! Klondike is a very fault free individual that impresses you with his length of body and muscle expression, and strides on a big foot. 5B, his dam, is a heavy milking cow that has done everything right, raising calves with top weaning weights every year. LT Patriot has sure had a major impact on the Charolais breed in North America and you will see why after looking thru the yard.

## CORNERVIEW KILKENNEY 28K

Kilkenney is a quality red herd bull. 28K is long bodied with a wide top, spring of rib and extra length. Sired by CEE/SOS Command known for calving ease and maternal strength. Kilkenney has good feet and is free moving with a great hair coat. He is out of 35Y, one of the oldest cows in the herd, who has stood the test of time at 12 years of age, giving him maternal strength on both sides of his pedigree. Bonus - he's also homo polled.

## CORNERVIEW KEYSTONE 32K

Keystone is a truly exciting individual. He checks all the boxes for us – growth with a moderate birthweight and a look and build that demand your attention. He's unique in the way he carries a masculine look in such an appealing package that includes width and dimension through his hip and centre of body with a very eye-appealing front end and head. Keystone was shown in 2022 and was a top 5 finalist in the Player's Club National Show at the RAWF. His dam has been one of our best for production, temperament and consistency. To top it off, Keystone has a curve-bending set of EPDs: top 5% WW top 10% YW, REA 15 and top 20% BW. Keystone will improve your calf crop or your bull pen and produce replacements that will take you to the next level. *\*100K tested for increased EPD accuracy*

## Sale terms

- Bulls sell under the standard terms and conditions set out by the Canadian Charolais Association.
- Please make all settlements immediately after the sale.

## Bull health

- All bulls will sell with a vet examination and semen test to ensure that you are purchasing a quality herd bull.
- Additional performance data will be available on sale day.
- The Cornerview vaccination program is Pyramid 5 plus Presponse live vaccine and bulls will receive Blackleg + HS booster at sale time.

## Announcements

- Announcements made from the auction block will take precedence over printed matter in the catalogue.

## Delivery

- Please talk to us if you require delivery after the sale. Shipping arrangements will be at the convenience of the seller, but will be as soon as practical after the sale, at the buyer's risk.
- We will keep bulls until May 1 free of charge. We are not liable for the bulls after the sale and ask that you insure any bull remaining at the farm.

## Breed average EPDs, January 2023

# FLAXLIC<sup>®</sup>

## IMPROVING BULL & HEIFER PERFORMANCE

FlaxLic<sup>®</sup> contains a high level of Alpha-linolenic acid, an omega-3 fatty acid.

Fatty acids are used by cattle for energy, cell membrane structure and integrity and regulating the hormones that support fertility.

*Contact your SmartLic<sup>®</sup> dealer today and get your herd ready for breeding season!*
